Deanery - Institutes of Chemistry and Histology

2. The building numbered 1 on the sketch is a three story masonry structure, shaped like a rectangular horseshoe. The main wing is about 30 x 15 meters, and the two secondary wings 30 x 10 meters.
- a. First floor: The Chemical Institute of the Faculty is located on the right of the entrance. The Histological Institute is on the left side. A corridor is in the center.
- b. Second floor: The Physiological Institute is on the right, the Biological Institute on the left, and the corridor in the center.
- c. Third floor: The deanery and secretariat offices are in the center, dwellings for employees and servants (custodian of the Faculty, beadles, etc.) are on the right, and the library and assembly hall of the Faculty are on the left.

Otorhinolaryngologic Clinic

3. Building number 2 in the sketch is a two story masonry structure approximately 20 x 10 meters.
- a. First floor: classroom and offices.
- b. Second floor: divided into three halls:
- (1) eye diseases;
 - (2) nose and throat diseases; and
 - (3) plastic experiments.

Orthopedic Clinic

4. Building number 3 is a three story masonry structure about 20 x 15 meters, with terraces on the second and third floors.

25X1

Pathologic Institute

5. Building number 4 is a two story structure approximately 20 x 15 meters.

Anatomic Institute

6. Building 5 is a two story structure about 20 x 15 meters.
- a. First floor: On the left, the Pharmacological Institute; on the right, the offices of Perovic (fnu) professor of anatomy, and his assistants; in the center, a classroom and material for study and experiments.

- b. Second floor: On the left, the dwelling of professor Perovic and a hall for anatomic study groups; on the right, dwellings of attendants; in the center, a classroom.

Various Offices of the Faculty of Medicine

- 6. Building 6 is a two story structure of about 12 x 8 meters. Both stories are divided into three equal parts, each of which has its own entrance, as follows:
 - a. Entrance A) gives access to the offices of the different clinics;
 - b. Entrance B) gives access to the offices of the Youth Committee and the affiliated branch of the Medical Faculty Syndicate; and
 - c. Entrance C) gives access to the offices of the Party organization of the Medical Faculty.
- 7. Number 7 on the sketch is a garden.
- 8. Number 8 on the sketch is a swimming pool, about 120 x 60 meters. International competitions are held in this pool, and it is also used by a swimming association of Zagreb.
- 9. Number 9 is a tennis court.

Specialization

- 10. The graduates of "Salata" receive the title of doctor with no specialization attached. To become a specialist a graduate must work three years in a hospital and, according to the inclination of the chief doctor of the hospital, is then given the title of surgeon, otorhinolaryngologist, gynecologist, or some other specialty.

Political Instruction

- 11. Professor Mandic (fnu), from Opatija, during the first year of the medical course gives two hours instruction weekly in Marxism and Leninism. Examinations on politics are held at the end of the second year and must be passed successfully before a student can register for the third year.

Course for Future Medical Officers

- 12. Of the 1,600 students, about 100 to 120 are in the armed forces being trained as future medical officers.¹ Each Saturday they receive two hours of instruction in:
 - a. Military regulations (sanitary service, first aid, etc.);
 - b. Armament (assembling and disassembling rifles, machine guns, automatic pistols);
 - c. Tactics; and
 - d. Political education.
